Close In this engaging set of possessive adjective games, students play a guessing game, memory game and matching game where they make sentences with his, her, and their. First, students play a guessing game about who the objects on the cards belong to. Next, students take it in turns to turn over a picture card (showing who owns the object) and a possessive adjective card. If the cards match, the student makes a sentence with the possessive adjective, e.g. 'It's his bicycle'. The student then keeps the two cards and has another turn. The student with the most pairs of cards wins the game. Next, one student takes the picture cards and the other two students take the possessive adjective cards. The student with the picture cards turns over the top card, shows the card to the two students and says 'It's...'. The two students then race to find the correct possessive adjective and give it to the student, completing the sentence at the same time, e.g. 'It's their house'. The first student to do this keeps both cards. The student with the most pairs of cards at the end of the game wins. In this free possessives game, students create true sentences about themselves and others by arranging possessive adjective, noun, and predicate cards into sentences. In groups, students have ten minutes to make true sentences about themselves and others by arranging the cards into sentences. When the time is up, groups read out their sentences in turn, scoring one point for each true or believable sentence. The group with the most points wins the game. This possessive adjectives worksheet helps students learn and practice a variety of possessive adjectives. First, students match sentence halves together and then underline the possessive adjective in each sentence. However, possessive and plural nouns have very different functions. They are also written differently. Plural nouns refer to multiple persons, places, things, or ideas, while possessive nouns indicate ownership. Possessive nouns are punctuated with an apostrophe ('), while plural nouns do not have an apostrophe. You can recognize a possessive noun by its special ending, as most possessive nouns end with an apostrophe and "s." Here are a few examples in some sentences: Mary's dog was a beagle.The dog's teeth are sharp.Larry's hair is very long.I forgot my backpack at Janette's house.Do you know the doctor's phone number? Once you have thoroughly covered possessive nouns with your students, encourage students to apply their skills by correctly selecting the appropriate word to complete a sentence. Review each sentence and decide if it needs a possessive noun or a plural noun, then choose the correct form from the bold options provided.
